Submitted by Tim Brown

Note: Between board meetings Peter Belmont moved, seconded by Tim Clemmons, that DNA ask the city to reconsider its position having the market move and for DNA to urge the city to find a solution to any all lang parking conflicts that include use of the parking lot by the market. Discussion points by Paul Carder: I believe the DNA should strongly encourage the three primary parties - the Market, the Rowdies, the City - to work out a compromise that satisfies each of the parties. Perhaps not completely but

Application.
